DIMENSION DRAWING

INSTALLATION

Step 1: Push the push button towards the unlocking pattern, then open the upper cover and seat ring to about 90 degrees, put your hand on the lower part of the upper cover seat ring, and slowly remove the front cover.

Step 2: Loosen the 4 screws shown in the picture, and remove the fixing plate.

Step 3: Replace the new fixing plate, tighten the screws, pay attention to check whether the push button is on the side of the unlocking pattern, if not, please push the push button, and then put the new cover assembly back, the upper cover seat ring and the decoration shell rotate At about 90 degrees (same as the angle when it was removed).

Step 4: Finally, push the push button to the side of the lock button.
